Dear Mr. Renne:

I recently spoke with UFCW Executive Director Bob Stewart concerning the proposed legislation to permit employees of library systems in Maryland to join unions for the purpose of collective bargaining. I am writing to let you know that I strongly support this legislation.

I understand that the proposed legislation will embody what is an undeniable right to all employees which is the right to organize. This bill will allow library employees to organize unions to negotiate terms with management. This legislation will also allow a balance which will respect the rights of all employees those who elect to organize and those who choose not. I hope that after consideration you will come to a favorable decision concerning this bill.

Sincerely,

Bernard C. "Jack" Young
Councilman 12th District
